## About MGIT:

Mahatma Gandhi Institute of Technology (MGIT) was established by the Chaitanya Bharathi Educational Society (CBES) in a serene and tranquil atmosphere at Gandipet, Hyderabad and has grown rapidly since its inception in 1997 and celebrating silver jubilee. The lush green campus of MGIT is spread over 30 acres of pleasant landscape with a constructed area of 2,50,787 sq. ft. MGIT is affiliated to Jawaharlal Nehru Technological University Hyderabad. The college offers courses in 11 Undergraduate Programs (Computer Science, Information Technology, Electrical & Electronics, Electronics & Communication, Mechatronics, Metallurgical & Materials Engineering, Civil Engineering, Mechanical Engineering, Computer Science and Business System, Computer Science and Engineering (Artificial Intelligence and Machine Learning), Computer Science and Engineering (Data Science) and 5 PG programs (Computer Aided structural Engineering, Mechatronics, Digital Electronics and Communication Engineering, Artificial Intelligence & Power Electronics and Electrical Drives). Brilliant and meritorious candidates seek admission into MGIT, through EAMCET, an annual competitive examination conducted by the State Govt. of Telangana. Six B.Tech Programs are accredited by the National Board of Accreditation, New Delhi. The institute is also accredited by NAAC with an 'A' grade. In a recent development, MGIT is honored with the autonomous status by University Grants Commission (UGC), New Delhi for a period of 10 years. For the last three years, all the eligible students have been successfully placed through college placement cell. Many of our alumni have opted to pursue higher education and are now well settled in different parts of the world in the coveted positions. AICTE sanctioned an amount of Rs. one lakh under the SPICES scheme to MGIT to promote values through a range of students activities

## About CGC

The career guidance cell (CGC) is committed to guiding and counseling students and provides training / learning opportunities for professional and individual development. It offers career counseling and provides career guidance to students who aspire for higher education programs inside India and abroad. The Cell organizes various programmes, such as, guest lectures, panel discussions, seminars and workshops on academic, co-curricular aspects, communication skills, soft skills, interpersonal skills etc. with the sole objective of shaping their professional and personal character for a successful career

## About GECF

Global Education and Careers Forum, is a leading professional consortium of educators in India and internationally, government agencies and NGOs who share the vision of India Matters Foundation, that young Indians must be equipped with globally demanded skills, knowledge and experiences to be successful in 21st century Global Market Place. Together, the consortium works towards developing our students to become global citizens, on a not for profit basis. Further the consortium believes that an exchange of views between educators from different countries can not only enhance those who they meet but also those they educate.

## About USIEF

The United States – India Educational Foundation (USIEF) promotes mutual understanding between the nationals of India and the U.S. through the educational exchange of outstanding scholars, professionals and students. Since its inception, USIEF has awarded approximately 20,000 Fulbright, Fulbright-Nehru, and other prestigious grants and scholarships in almost every academic discipline. In addition to fellowship support, USIEF services include advising Indian citizens on higher education opportunities in the U.S. USIEF also consults with Indian and U.S. universities interested in developing linkages and exchanges. In the rapidly evolving field of international education, USIEF is committed to promoting dialogue on issues of contemporary interest among Fulbright and local communities. USIEF provides forums for interfacing with the civil society through collaborative lectures and facilitates greater communication through e-enabled mediums. USIEF's core activities: 1. Administering the Fulbright-Nehru and other Fulbright fellowships for Indian and American students, scholars and professionals. 2. Serving as a resource for fostering linkages between higher education institutions in the United States and India. 3. Providing educational advising services for Indian students interested in pursuing higher education in the United States through its Education USA advising centers.

## About the speaker

Ms. Mirrin is the Adviser at Education USA - USIEF based at the U.S. Consulate General in Hyderabad. She has over ten years of work experience in the higher education, social development, and diplomacy sectors. Her official roles within the international higher education space have included managing education and scholarship programs as part of the UK and US Missions at various cities across India.
