

MAHATMA GANDHI INSTITUTE OF TECHNOLOGY
DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING
Industry Oriented Mini Project guidelines for IV B.Tech EEE-1 & EEE-2

01.09.2022

Selection of the Organization and Project

1. Industry Oriented Mini Project is to be carried out at a registered Industrial Organization only (Preference shall be for Public Sector Undertakings / Government Organizations/ Private Sectors)
2. After approaching the organization of your interest / choice, shortlist few Mini Project Ideas and discuss the same with your respective supervisor
3. The Project Batch Leader shall submit the title of the project approved after consulting the respective supervisor on or before 17 September 2022
4. The final approval for the project shall be given after all the project titles are received and ensuring there is no redundancy. In case of redundancy, the project batch which has submitted the first shall be given priority and the other batch is compelled to change the project

Working on the project

1. Every student shall maintain a project diary. The project diary shall be a copy of the work done on a daily basis.
2. All the students of the batch shall meet the supervisor regularly and show the work done and as compiled in the project diary to the mini project supervisor and the same should be certified / signed by the supervisor.
3. The diary after being certified by the supervisor has to be shown to the IOMP coordinator every week for verification and granting of attendance.
4. during the session of EED / IOMP , the respective students of IOMP are required to contact their supervisors for day to day work of IOMP

Preparation of report and presentation

1. Every batch shall prepare a Mini Project Report after completing the mini project work in about 30 to 40 pages and following all the given guidelines on or before 22.10.2022. Any report not adhering to the given guidelines shall be summarily rejected
2. Every student should give the presentation of IOMP for a duration of 20 minutes and individually explain the entire work done as part of the mini project
3. Presentation of IOMP will be held in the respective classrooms as per the timetable for IOMP and the given schedule.

Final Evaluation

1. The final evaluation of the mini project shall be done by an external examiner appointed by the JNTUH along with the HoD and the Mini Project Supervisor.
