

**Brief Report on the One Day Seminar on Significance of Vedic Mathematics in Science,
Technology, Engineering & Mathematics (STEM)**

Date: 12-04-2023

The purpose of report is to give proceedings of the one day guest lecture titled Significance of Vedic Mathematics in Science, Technology, Engineering & Mathematics (STEM) conducted by the Department of M&H on 6th April, 2023 in the A-Block auditorium for the faculty and students. A renowned guest speaker by name Prof. G Suresh Babu, Professor, Dept. of EEE, CBIT delivered a guest lecture highlighting the essence of Vedic Mathematics in the context of Science & Technology. He has made the session interactive and participatory with lot of practical examples such as square puzzles and solving complex mathematical problems with smart and simple solutions. All the participants including staff and students have thoroughly enjoyed the session. Towards end of the programme, Prof. G. ChandraMohan Reddy felicitated the guest speaker with Shaal and appreciated the speaker for his valuable time and enlightening lecture. Further, Dr. Harileela, Associate Professor, Dept. of M&H has presented a bouquet and Dr. K. Srihari, Assistant Professor, Dept. of M&H has handed over a memento to the guest as a token of respect. The programme was concluded with vote of thanks, proposed by Dr. K. Srihari, coordinator of the programme. In this context, we thank the College management, the Principal, the Head, department of M&H for their continuous support in conducting the guest lecture.

Dr. K. Srihari
Assistant Professor &
Coordinator of the guest lecture
