VISION

To evolve as a Center of Excellence in the field of Computer Science and to train the students in becoming well equipped computing professionals to serve the needs of Industry and Society.

MISSION

To provide quality education and training in the field of Computer Science and Engineering along with societal and ethical values, to serve the Nation with élan.

ABOUT THE DEPARTMENT

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

The Department of Computer Science & Engineering was established in 1999 with an intake of 60 for Under Graduate Program and enhanced to 90 in 2000, 120 in 2002, 180 in 2013 and 300 in 2024. In 2010, with an intake of 18, Post Graduate program was started in Computer Networks and Information Security up to 2017 and since 2018 to date it runs a PG Program in Software Engineering. The UG course was accredited by National Board of Accreditation in 2009, 2014 and 2017, 2020 and 2021 and accredited by NAAC with an 'A++' grade in 2023.

The Department of CSE is expertly headed by Dr. C. R. K. Reddy, an eminent and dynamic academician who has an extensive experience of 28 years with 6 years of proven Industrial experience from Indian Airforce. The department has competent and hardworking faculty with in number (2 Professors, 2 Associate Professor and 31 Assistant Professors associated with the additional support of non-teaching and technical staff).

ABOUT THE DEPARTMENT

The department has more than 450 research publications in various National and International Journals and Conferences. The Faculty attends workshops in various reputed Institutions to get their knowledge updated towards research. The department highly encourages Industry Institute Interaction to bridge the gap between Industry and the Institute by fulfilling their expectations in conduction of various workshops for students on latest emerging trends and technologies, which makes the students to explore and undertake challenging tasks confidently. Along with regular teaching learning process the department also conducts Guest Lectures, Quizzes, Group Discussions, Value Added Courses & Refresher Courses to develop the skills among the students and teaching community.

PROGRAMME OUTCOMES

Engineering Knowledge

Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization for the solution of complex engineering problems

Problem analysis:

Identify, formulate, research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

Design/development of solutions:

Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for public health and safety, and cultural, societal, and environmental consideration.

Conduct investigations of complex problems:

Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.

Modern tool usage:

Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools, including prediction and modelling to complex engineering activities, with an understanding of the limitations.

The engineer and society:

Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal, and cultural issues and the consequent responsibilities relevant to the professional engineering practice.

Environment and sustainability:

Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.

Ethics:

Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.

Individual and team work:

Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.

Communication:

Communicate effectively on complex engineering activities with the engineering community and with the society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.

Project management and finance:

Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments

Life-long learning:

Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

PROGRAMME EDUCATIONAL OBJECTIVES

PEO 1:

Computer Science and Engineering graduate should acquire strong fundamental knowledge and skill upgradation according to the technological know-how.

PEO 2:

Graduates are able to work effectively as an individual and in teams, for a better project management and finance.

PEO 3:

Graduates have a professional attitude and ethical values, in designing and developing a product that will be useful to society.

PROGRAMME SPECIFIC OUTCOMES (PSO'S)

PSO 1 :

Graduates will be able to apply principles of computer science and engineering to design, develop and implement software solutions to solve real world problems.

PSO 2 :

Ability to apply the knowledge of emerging technologies of computer science to societal needs.

MESSAGE FROM HEAD OF THE DEPARTMENT

CRK REDDY, HOD CSE

Mahatma Gandhi Institute of Technology is one of the leading engineering colleges, helping students to reshape their future to become a valuable asset for the nation. We are committed to academic excellence in the fields of Computer Science and Engineering, leading to develop students through academia and industry linkages.

Computer Science is an exciting, fast-moving, and diverse field a developing new scientific methods and applications to automate complex tasks. It is the application of engineering to analyze, design and built software solutions to solve the societal problems. It offers lucrative career and an opportunity to build a better world.

MESSAGE FROM HEAD OF THE DEPARTMENT

The department is tailoring UG and PG programs for the enthusiasts who are interested in preparing themselves for a successful career in Artificial Intelligence, Machine learning and Data Science. As we all know AI and Machine Learning is an area that has gained much attention recently, not only within the research community, but also in our daily lives. For example think about self-driving cars, AI-driven medical diagnostics and personal health, face identification, or natural language understanding etc. Another budding area of research is Data Science where we use computational tools to gather data, filter them, separate noise from useful information, and create knowledge, from which we can make better decisions and build smarter, enabling tools for our daily lives and to support our professional endeavors.

On behalf of my department and administration, I am pleased to welcome the students to join in Computer Science and Engineering and its various streams to become an ambassador in the field of computers.

The department nurtures holistic development of a student and we love to share our passion with them on how to use computational tools. We also teach the students to work in teams, share ideas, present, improve communication skills and join creative teams that make a positive difference. Our college has attracted the best and brightest students. Our innovative curriculum, state of the art labs, and research opportunities are designed to solve today's most pressing problems.

-THANK YOU

MESSAGE FROM EDITOR IN CHIEF

Dear Readers,

This edition of our House Journal provides an in-depth overview of the department's key events and achievements, along with regular updates on ongoing activities. The Department remains committed to delivering an exceptional educational experience, blending rigorous academic training with the excitement of discovery and intellectual development.

In this issue, we highlight the major events of the 2024-2025 academic year, including Faculty Development Programs, workshops, guest lectures, online certifications (CISCO & TASK) & hackathons.

Additionally, we feature the active involvement of our students in extracurricular pursuits, with a focus on innovation initiatives that promote entrepreneurial skills and foster valuable interactions with alumni entrepreneurs. CSE Hues welcomes contributions, suggestions, and feedback from our readers to continuously enhance the quality of our publication. The Editorial Board extends its sincere appreciation to all contributors and reviewers who provided valuable content for this edition.

Thank you for your ongoing support and engagement

**G. Naga Sujini, Editor-in-Chief, Assistant Professor,
Dept. of CSE MGIT.**

MESSAGE FROM STUDENT EDITORIAL BOARD

Dear Readers,

It is with great excitement that we present to you the latest edition of CSE HUES, our department's very own newsletter. Bringing this publication to life has been a journey of dedication, creativity, and teamwork.

This edition highlights the vibrant and dynamic spirit of our Computer Science community, showcasing not only our technical endeavours but also the artistic and innovative sides of our students. From insightful seminars and impactful publications to noteworthy achievements and engaging events, this issue captures the essence of our department's journey.

CSE HUES is more than just a newsletter—it is a platform that reflects the diverse academic and extracurricular pursuits of our students. We aim to make it a true representation of our collective experiences and aspirations. We warmly welcome your feedback and suggestions as we continue to evolve and grow.

Here's to another year of inspiration, exploration, and excellence!

The Student Editorial Board.

CSE-2 (IV SEM)

Seminars/Workshops/Guest Lectures/ Tutorials/Personality/Development Programmes/ Faculty Development Programmes organised.

- The CSE Department, in collaboration with the ET and IT departments, hosted a National Level FDP on Data Science using R Programming from 6th to 10th August 2024. The session was led by C. Soundaryaveni, Senior Technology Specialist, QuantumNique Solutions, and took place at MGIT, with faculty members from CSE, ET, and IT attending.
- The CSE Department, in collaboration with the ET and IT departments, hosted a National Level FDP on UI Flutter from 30th July to 2nd August 2024. The session was led by Mr. Praveen Fernandes, Senior Associate Mentor at Quantum NIQUE Solutions, and took place at MGIT, with faculty members from CSE, ET, and IT attending.
- The CSE Department, in collaboration with the ET and IT departments, hosted a National Level FDP on Full Stack Development from 8th July to 13th July 2024. The session was led by Renowned Speakers from Educults Consuting pvt ltd, and took place at MGIT, with faculty members from CSE, ET, and IT attending.

PH.D AWARDED FACULTY

- Dr.Gousiya Begum received Doctor of Philosophy in the Faculty of Computer Science and Engineering from Jawaharlal Nehru Technological University,Ananthpur for thesis entitled “Detecting Intrusion to ensure security in Big Data Systems” in November 2024.
- Dr.K.Madhubabu received Doctor of Philosophy in the Faculty of Engineering in Computer Science Engineering from SRM University for thesis entitled “Hybrid Model for finding and maintaining Optimal path in VANET for Intelligent Transportation System” in October 2024.

FACULTY PARTICIPATION

- Dr. Gousiya Begum was the resource person for a guest lecture on "Cloud Computing," organized by the Department of CSE, JNTUH UCER, on 17th December 2024.
- Dr. Gousiya Begum was the resource person for a guest lecture on "Cloud Computing," organized by the Department of CSE, JNTUH UCER, on 29th October-3rd December 2024
- P.Poornima, Assistant Professor, is Reviewer for "Engineering, Technology & Applied Science Research", Journal (2nd Feb, 2025).
- P. Poornima, Assistant Professor, is Reviewer for "National Academy Science Letters (SCLE)", Journal (26th Dec, 2024).
- Dr. K. Sreekala, Assistant Professor, is Reviewer for "Signal, Image and Video Processing", Springer Nature Journal (18 February 2025).
- Dr. K. Sreekala, Assistant Professor, is Reviewer for "International Journal of Data Science and Analytics", Springer Nature Journal (13 November 2024).
- Dr. K. Sreekala, Assistant Professor, is Reviewer for "Scientific Reports", Springer Nature Journal (13 November 2024).

FACULTY PARTICIPATION

- Dr. K. Sreekala, Assistant Professor, is Reviewer for "Discover Computing", Springer Nature Journal (02 September 2024).
- Dr. K. Sreekala, Assistant Professor, is Reviewer for "Discover Medicine", Springer Nature Journal (28 May 2024).
- Dr. K. Sreekala, Assistant Professor, is Reviewer for "Intelligent Systems for Cyber Security", International Conference (3-4 May 2024).
- Dr. K. MadhuBabu, Reviewer of "Scientific Reports", Springer Nature Journal (19 August 2024).
- Dr. K. MadhuBabu, Reviewer of "Discover Electronics", Springer Nature Journal (29 September 2024).
- Dr. K. MadhuBabu, Reviewer of "SNAPP", Springer Nature Journal (26 November 2024).
- Dr. K. MadhuBabu, Reviewer of "International Journal of System Assurance Engineering and Management", Springer Nature Journal (15 December 2023).
- Dr. K. MadhuBabu, Reviewer of "International Journal of System Assurance Engineering and Management", Springer Nature Journal (25 July 2024).
- Dr. K. MadhuBabu, Reviewer of "International Journal of Communication Systems", WILEY Publisher Journal (26 February 2024).

FACULTY AWARDS

- Dr. Gousiya Begum was awarded the Best Teacher recognition by the Prof. Dr. Amruth Rao Educational Society, in association with the World Environment Organization, Tax Filing, and Educacio World, on 22nd September 2024 in Telangana.
- Ms. N Musrat Sultana was awarded the Best Teacher recognition by the Prof. Dr. Amruth Rao Educational Society, in association with the World Environment Organization, Tax Filing, and Educacio World, on 22nd September 2024 in Telangana.
- Dr. K. Sreekala was awarded the Best Teacher recognition by the Prof. Dr. Amruth Rao Educational Society, in association with the World Environment Organization, Tax Filing, and Educacio World, on 22nd September 2024 in Telangana.
- Dr. K. Rajitha was awarded the Best Teacher recognition by the Prof. Dr. Amruth Rao Educational Society, in association with the World Environment Organization, Tax Filing, and Educacio World.

PATENTS

- Dr. K. Rajitha granted with a copy right at national level on 'An Ai Based Method For Early Detection Of Cervical Cancer' on 22nd NOV 2024.
- Dr. K. Sreekala granted with a copy right at national level on Genetic Innovations And Machine Learning For Enhancing Crop Traits And Promoting Sustainable .Agriculture' on 22nd NOV 2024..
- Dr.Gousiya Begum granted with a copy right at national level on 'Method And System For Multi-Mode Emotion Analysis Based On Ai Deep Learning' on 13th SEP 2024.
- Dr. K. Rajitha granted with a copy right at national level on 'A System And Method For Ai-Enabled Analysis Of Ocean Remote Sensing Imagery For Effective Navigation' on 30th AUG 2024.

CISCO

- A total of 70 Students were registered for the "Networking Essentials" course, scheduled from September 12, 2024 to October 30, 2024, in the academic year 2024-2025.
- A total of 70 Students were registered for the "Python Essentials" course, scheduled from November 1, 2024 to November 12, 2024, in the academic year 2024-2025.
- A total of 70 Students were registered for the "Introduction to Networks" course, scheduled from November 26, 2024 to January 20, 2025, in the academic year 2024-2025.

- On 21-8-2024 to 23-8-2024 TASK conducted Programming Skills C & Data Structures certification program for 2nd Year students.
- On 18-10-2024 to 19-10-2024 TASK conducted Essentials of Data Science with R certification program for all CSE students.

TASK

- On 28-10-2024 to 30-10-2024 TASK conducted Java Foundations certification program for 3rd Year students.
- On 28-10-2024 to 30-10-2024 TASK conducted Programming Essentials in Python certification program for 3rd Year students.

INDUSTRIAL VISITS

INDIAN NATIONAL CENTRE FOR OCEAN INFORMATION SERVICES(INCOIS)

On April 3 , 2025, 42 Students from Computer science and Engineering embarked on an enlightening industrial visit to the Indian National Centre for Ocean Information services(INCOIS) in Pragathi Nagar, Hyderabad . Faculty Coordinators are G Naga Sujini, P Satya Shekar Varma and K Shirisha.

INDUSTRIAL VISIT TO INFOSYS

On September 16 , 2024, Computer science and Engineering Students embarked on an enlightening industrial visit to the Infosys, Hyderabad-SEZ campus. They were accompanied by Faculty Coordinators Dr. K. Satish Kumar and Dr. Meera Alphy.

STUDENT PUBLICATIONS

ONLINE CERTIFICATIONS

FACULTY NPTEL CERTIFICATIONS

NPTEL Certification was done by 19 faculty members in the year 2024 in 16 courses with a total of 21 certificates.

STUDENT NPTEL CERTIFICATIONS

NPTEL Certification was done by 24 students in the year 2024 in 17 courses with a total of 29 certificates.

ACM

Date: August 26, 2024.

We are delighted to announce that the Mahatma Gandhi Institute of Technology (MGIT) has officially received the ACM Student Chapter Certificate of Charter. This certificate, awarded by the Association for Computing Machinery (ACM), marks the formal recognition of our commitment to fostering a vibrant community of computing professionals and enthusiasts within the institute.

The chapter was officially chartered on August 26, 2024, and will serve as a platform for students to explore and engage with the latest advancements in computing technology, participate in competitions, and collaborate on innovative projects.

This milestone reflects our dedication to providing our students with opportunities to connect with the global computing community and to gain valuable experience that will contribute to their academic and professional growth.

We look forward to the continued success and growth of the MGIT ACM Student Chapter and encourage all students interested in computing to join and take advantage of the resources and opportunities that ACM offers.

Date: 18th October, 2024.

Attended the ACM India Regional Chapter Summit 2024 hosted by KLH Bachupally ACM student chapter on 18th October, 2024.

Being a relatively new student chapter, we learned a lot from the ACM council members regarding different aspects of ACM.

It was an informative session and helped us understand their values and principles. It also gave us an opportunity to network with likeminded individuals with a passion for computing.

The QnA session which focused on how to get into research was really helpful for aspiring researchers.

We are looking forward to hosting such events in the future and had a great time at the summit.

PERSONA AND TECHNOLOGY CLUB

- The AI Hack Day 2025, held on January 25, 2025, at MGIT Campus, was a resounding success, bringing together some of the brightest minds to develop AI-based solutions for real-world challenges. With an overwhelming response, students from diverse branches formed interdisciplinary teams, each comprising three members, to tackle problem statements across various themes, including Creative Tech, Healthcare, Agritech, and Education.
- The event provided an incredible platform for participants to showcase their innovation and technical expertise, with the top 20 teams earning a coveted spot in the Grand Finale, organized by Swecha in February 2025. Enthusiasm and creativity were at an all-time high as students explored AI's potential to drive societal progress.
- From AI-driven healthcare solutions to cultural preservation through digital storytelling, the projects reflected a remarkable blend of technology and purpose. The hackathon's success reinforced MGIT's commitment to fostering innovation and collaboration in the AI space.

OUR PARTNERS-

HACKATHON

Hacksavy 2025

HackSavvy 2025 was held on 26–27 March 2025 at the MGIT Campus in Hyderabad, bringing together 700 students across 176 teams from five different states. This national-level hackathon featured a prize pool of ₹2.5 lakhs and showcased innovative solutions across various domains. MGIT achieved notable success, securing three prizes: 1st and 2nd place in the IoT category, and 3rd place in the Open Innovation track. The event highlighted the growing talent and innovation in the student tech community.
